1. Preliminary investigations in connection with the arrests of Iraqi Communists reveal that Malik Saad, president of Anara, the President of the Iraqi Communist Party, and that Abdul Salim Yusuf, a colonel, is one of his lieutenants. All communications, funds, and orders were received from Anzotiy Savarov, Second Secretary of the Soviet Legation in Baghdad, who transmitted them to Sayf through a person named Kerikor, ostensibly a music teacher, and head of the Armenian Communist Party.
2. The above facts have been established by documentary evidence and confessions. A connection between the Communist Party and the Istiqlal Party has also been established.
3. Included among the 132 Communists arrested thus far are Sayf, Kerikor, and their chief lieutenants; the arrests are continuing.
4. Although the Iraqi Government has been cooperative with the CID up to this time, it is possible that the CID may uncover top-Communists, informant states. Therefore, the CID information from the government in an effort to do official order to cease the Communist investigation.
